## Proclamation Against the Boomers.

WASHINGTON, March 13.—The following proclamation was issued by the President of the United States of America:

### PROCLAMATION.

WHEREAS, It is alleged that certain individuals, associations of persons and corporations are in unauthorized possession of portions of territory known as the Oklahoma lands, within Indian Territory, which are designated, described and recognized by the treaties and laws of the United States and by the executive authority thereof, as Indian lands; and

WHEREAS, It is further alleged that certain other persons or associations within the territory and jurisdiction of the United States are in unauthorized possession of portions of territory known as the Oklahoma lands, within Indian Territory, which are designated, described and recognized by the treaties and laws of the United States and by the executive authority thereof, as Indian lands; and

WHEREAS, The laws of the United States provide for the removal of all persons residing or being found upon such Indian lands and territory, without permission, expressly and legally obtained of the Interior Department;

Now, Therefore, For the purpose of protecting the public interest, as well as the interest in the Indian nation and tribes, and to the end that no person or persons may be induced to enter upon said Territory, where they will not be allowed to remain without permission or authority aforesaid, I, Grover Cleveland, President of the United States, do hereby warn and admonish all and every person or persons, now in occupation of such lands, and all such persons, who are intending, preparing or threatening to enter, and settle upon the same, that they will neither be permitted to enter upon said Territory, nor, if already there, to remain thereon, and that if due regard be not voluntarily obedience to the laws and treaties of the United States and submission and warning be not sufficient to effect the purposes and intentions of government, as herein declared, the military power of the United States will be invoked to abate all such unauthorized possession, to prevent such threatened entry and occupation, and remove all such intruders from the said Indian lands.

In testimony whereof, I have hereunto set my hand and caused the seal of the United States to be affixed.

GROVER CLEVELAND.

By the President.

T. F. BAYARD, Secretary of State.

Divorce by Collusion.

PHILADELPHIA, March 13.—John J. Miller, in 1849, married Elizabeth S. Rogers. The result of the union was four children. They were divorced, and Mrs. Miller married Robert E. Randall, brother of Samuel J. Randall.

The lady soon procured a second divorce, and remarried her first husband, who, meantime, became a well-known sporting man. Mrs. Miller a third time secured a divorce, it is now alleged, by collusion. Mrs. V. Bonavita, wife of Frank J. Bonavita, and daughter, Mr. and Mrs. John J. Miller, hearing of the collusion entered into by her father and mother, bring an action in the courts to annul the divorce set aside.

A Deceptive Transaction.

St. Louis, March 13.—The Transcript says: The State Street Banking House is contemplating making a demand upon the Mexican Central Railroad Company for the return of the amount of its subscription to the debenture bonds, upon the ground that the indenture trust was void, the creditor of the company was deceptive.

Italian Movements.

ROME, March 13.—Six torpedo boats have been ordered to the Red Sea. It is said that orders have been received here for the speedy dispatch of 12,000 troops to the Red Sea, under generals.

Trade Dollars.

PHILADELPHIA, March 13.—Superintendent Snowden, of the United States mint in this city, states that he has received over \$50,000 trade dollars since March 1st, and that letters from holders of that coin in various parts of the country are pouring in upon him.

The Hazen Court-Martial.

WASHINGTON, March 13.—In the Hazen court-martial, the attorney for the defense created a sensation by declaring that new paper articles derogatory to General Hazen would be traced to his hand.

With some unimportant testimony from Captain Mills, of the signal office, the prosecution rested their case. The defense did not conclude the examination of Hazen when the Court adjourned.

"Rough on Pain."

Cure for colic, cramps, diarrhoea; external for aches, pains, sprains, headache, neuralgia, rheumatism. For man and woman. 25 and 50c.

## England and Russia.

St. PETERSBURG, March 13.—The Governor of Caucasus, General Dondoukoff Korsakoff, has returned to Tiflis. The tone of the Russian press continues extremely bellicose. Open declarations are made that Russia intends to have Herat. Novor Vremya calls the approaching meeting of Lord Dufferin and the Amir of Afghanistan a military demonstration on the Russian frontier. "Russia and England," the writer continues, "will soon meet on dry land, and the result will be that the isolated security hitherto enjoyed by the British empire will be destroyed."

PARIS, March 13.—Baron Nohrenheim, Russian ambassador, has been interviewed in regard to the present Anglo-Russian situation. He expressed the opinion that Emperor William would exert his influence to avert war, and also endeavor to induce England to make some concessions. He scouted the idea that Russia would withdraw her troops from the positions at present occupied. Such action would reflect dishonor upon the Russian arms. In case England did not declare war it was certain in his opinion that Russia would not do so. He thought extremely unlikely that England would declare war, as she has her hands full already.

DeGiers, Russian prime minister, is animated by a desire for peace. The influence of the war party in Russia has diminished since the death of General Skobeleff.

Advices from Teheran state that Sir Peter Lumsden is encamped on Persian territory, not far from Herat. The expectation is that he will enter Herat in case the Russians make any further advance.

LONDON, March 13.—The war department is making preparations with the view to the possible occurrence of serious trouble in Afghanistan. Orders have been sent to the arsenals at Bombay and Bengal to prepare all kinds of ammunition. The details for two army corps are already completed. Each will number 1,500 officers, 35,000 men and 11,500 horses. The admiralty is making arrangements to have a fleet of transports in readiness.

In the House of Commons, this afternoon, Gladstone announced that an agreement was arrived at between Russia and England, by the term of which neither the Russian nor Afghan forces would advance any farther on either side of the frontier.

Sir Stafford Northcote asked whether this agreement was a permanent or temporary arrangement. Gladstone replied that the agreement was without any specific limit. The best description he could give was that the agreement was to last as long as there was occasion for it. (Laughter.) This agreement provides against the rupture of the friendly relations between the two governments, in the event of a collision between the Afghan and Russian outposts, which might possibly occur while instructions were being conveyed to opposing commanders.

LONDON, March 13.—The News still fears for the result of the negotiation between England and Russia, and is doubtful of a peaceful solution.

A Russian official military paper announces that Kouna and Asowza, Poland, will be formed into first-class fortresses. Both are near the Prussian frontier, and control two important railways.

Lebovich writes: "If England and Russia cannot agree in defining the frontier they ought to ask America to arbitrate."

All Safe.

MONTREAL, March 13.—Word has just been received from the ship Prince of Wales, from Moose Factory, Hudson's Bay, in October last, with a valuable cargo of furs for London. The information comes by dog train; that after a trying and difficult time, the vessel reached Charlton Island, about sixty miles from Moose Factory. The crew are all safe and wintering in huts on the island.

The Expelled Fenians.

PARIS, March 13.—L'Intransigeant protests against the expulsion of Stephens, Davis and Leroy. The action indicates that Fenian is ready to outrage the liberties of refugees who have sought an asylum in France, a thing which the ministers of the empire would never dream of doing.

Stephens' wife was not allowed to have an interview with him after his arrest.

Offer of Aid.

LONDON, March 13.—An Arabian paper states that the Khan of Beloochistan has offered the services of his army to the British government in the event of war with Russia.

## Will Not Have the Heathens.

VICTORIA, B. C., March 13.—On the arrival of the steamer Geo. E. Starr from Seattle, to-day, twenty Chinese passengers were not allowed to land, and will have to return to Puget sound to-day. The police are acting under the order from the provincial government and the Dominion custom officials are powerless. There is much excitement in Chinatown and writs of habeas corpus are threatened. The penalty is \$300 for every captain of a vessel from which Chinamen may land.

The City Council, at a meeting last night, unanimously passed the following resolution:

"That this Council records its unreserved dissent from the recommendations made by the commissioners to continue to permit all Chinese to come into this province in large numbers, upon the terms made by them; that in the opinion of this Council the findings of the commissioners are not justified by the facts; that the presence of Chinese is and has been highly injurious to the industrial population of this province."

## German News.

BERLIN, March 13.—During the debate in the Reichstag to-day, on the steamship subsidy bill, Bismarck said that even without the colonial policy, the subsidized lines to the east would be useful to Germany, and if the House should reject the grant for one or the other of the proposed lines, government would thankfully accept the remainder as an installment.

Replying to Rintelen's objections to the colonizing ventures, Bismarck declared that there was a good prospect of building up a thriving mining industry, at Angra Pequena, and obtaining a supply of cotton from German producers in the Cameroons and New Guinea colonies. He stated that the negotiations with England regarding the Cameroons Territory were making gratifying progress.

In concluding his speech Bismarck said: "Since God's blessing had crowned the policy of Germany for twenty years, and as the Germans had withstood the foe in 1870, as a nation of brothers, the spirit of party strife and confessed dissension must not now be allowed to ruin the newly-founded empire." These words were received with great cheering in all parts of the house.

## Wholesale Arrests.

WICHITA FALLS, TEXAS, March 13.—To-day, at Vernon and vicinity, Captain Schmidt of the State Rangers arrested twenty-five men on charges of murder, many of whom stand high in the community. It is claimed that the men constituted a secret vigilance organization. Four recent murders are attributed to them. These wholesale arrests create excitement throughout Panhandle.

## Egypt.

KORTI, March 13.—A report is current among natives to the effect that the Mahdi has evacuated Metemneh. The reason alleged for the step is that the Mahdi fears an invasion is about to be made into the Soudan from Abyssinia.

SKAKIM, March 13.—Osman Digna is concentrating a large force at Tamarah, to oppose the advance of General Graham towards Berber.

## The "Thin" Agreement.

LONDON, March 13.—The Standard says that the agreement between England and Russia leaves the essence of the difficulty untouched. Matters must have been had when such an agreement was paraded as a diplomatic gain. Many consider the pause in the situation a prelude to surrender.

## Obituaries.

LONDON, March 13.—Joseph John Jenkins, the well-known painter in water colors, is dead. He was born in London, in 1811.

The death of Sir Curtis Miranda Lampson, Bart., is announced. He was born in Vermont, September, 1806.

## A \$33,000 Fire.

ELLENBURG, W. T., March 13.—Fire this morning destroyed the Valley hotel and twelve frame buildings. Loss, \$33,000; insurance light. The principal loser was Walter A. Butt, of the Valley hotel, \$12,000; insured for \$3,000.

## None After All.

BISMARCK, DAK., March 13.—Governor Pierce, to-day, vetoed the woman suffrage bill.

## Bargains! Bargains!

Gentlemen wishing to save money should buy their Furnishing Goods at the daily Auction Sale, at BAMBURGER & CO.'S, South of Postoffice.

## Auction Sale.

Bamburgh & Co., just south of the Postoffice, are selling their entire stock of Gent's Furnishing Goods. The goods must go at any price.

The "Exposition Universelle de l'Art Culinaire" awarded the highest honors to Angostura Bitters as the most efficacious stimulant to excite the appetite and to keep the digestive organs in good order. Ask for the genuine article, manufactured only by Dr. J. G. B. Siegert & Sons, and beware of imitations.

## Best Goods are Put in Smallest Parcels.

The old proverb is certainly true in the case of Dr. Pierce's "Pleasant Purgative Pellets," which are little, sugar-wrapped parcels, scarcely larger than mustard seeds, containing as much cathartic power as is done up in the biggest, most repulsive-looking pill. Unlike the big pills, however, they are mild and pleasant in their operation—do not produce gripping pains, nor render the bowels costive after using.

## THE STRIKERS WIN.

And Resume Work at the Old Terms.

## THE TROUBLE NEARING AN END.

Diplomacy at Work—Steamer Reported Burned—A Strike of the Brotherhood of Engineers.

## Diplomacy at Work.

LONDON, March 13.—Members of the Commons heard Gladstone's announcement of the agreement between England and Russia with almost a general sense of relief, the agreement affording reason to hope that war would yet be averted by diplomatic means. It is believed that Sir Peter Lumsden has the Afghans sufficiently under control to prevent a collision between the Afghan and Russian outposts, pending a pacific settlement of the frontier dispute. Some prominent Conservatives, however, point out that the agreement will not prevent Russia from massing troops or Russians being allowed to remain, even temporarily, on the territory claimed as belonging to Afghanistan.

## Fears of Treachery.

CARNO, March 13.—General Graham has decreed the inhabitants of Suakim to be disarmed, as he has reason to apprehend treachery. Hereafter, any undisciplined native found with arms will be treated as a rebel.

Despatches from Suakim state that a mutiny has broken out in Osman Digna's camp. Deserters bring terrible tales of suffering among the Arabs, and say that Osman Digna will only be able to maintain his authority by a system of terrorism, which includes the beheading of a few mutineers every morning at sunrise.

## Death of a Soldier.

OMAHA, Neb., March 13.—Joseph H. Taylor, Adjutant-General of the department of the Platte, died of pneumonia at his residence to-night. He was a nephew of Zachary Taylor and son of Joseph P. Taylor, Commissary-General of the army. The paternal grandfather was Richard Taylor, of revolutionary fame. Deceased was a West Point graduate of the class of 1850, and served on the staff with General Sumner, in the army of the Potomac throughout the Rebellion. He gained celebrity by his effective work in bringing Lincoln's assassins to the gallows.

## Strike of B. of L. E.

MAKON, GA., March 13.—All the engineers on the East Tennessee, Virginia & Georgia railroad struck to-night. The strikers are members of the Brotherhood of Locomotive Engineers, and they say that the cause of the strike is the unjust discharge of three of their members.

## Change of Terminus.

VICTORIA, B. C., March 13.—Orders have been received for the Canadian Pacific railway to stop all work of surveying at Coal Harbor. The engineering staff has been discharged. Coal Harbor had been selected as the Pacific Coast terminus of the Canadian Pacific, but the change from Port Moody was considered satisfactory.

## The Car Speaks.

St. PETERSBURG, March 13.—The Car of Russia said to-night, during an informal talk with several diplomats, at an imperial levee: "I cannot conceive that any but the wildest dreamer could think that I would declare war against England. On ends can be attained, but will be by the gradual power of civilization and not by force."

## Long Overdue.

PORTLAND, OREGON, March 13.—The British bark Allahabad, Captain McCullum, from Hong Kong, November 17, is now sixty days overdue, and it is generally believed that she has gone to the bottom, as she has not been spoken. Her cargo consists of rice and Chinese merchandise, fully insured. No passengers.

## Grant's Bulletin.

NEW YORK, March 13.—General Grant slept a good deal to-day. He took food frequently and asked for it. His pulse and temperature are about the same. His general condition is more favorable.

## The Expelled Fenians.

PARIS, March 13.—Stephens, Davis and Leroy, and two Anarchists have been expelled from France and have gone into Belgium. Morrissey was allowed to remain in Paris.

## An Extradition Treaty.

BERLIN, March 13.—The Russian government has formally sanctioned the extradition treaty between Germany and Russia for extradition of conspirators against the lives of royal personages.

## Steamer Reported Burned.

SEATTLE, W. T., March 13.—The steamer Gazelle is reported burned on the Stillaguamish River. No particulars as yet.

## NOTICE.

THE HERALD COMPANY will not be responsible for debts contracted by any of its employees.

## The Railroad Strike.

St. LOUIS, March 13.—At a private conference of Vice-President Hayes and Hoxie and General Solicitor Brown, of the Gould lines, about strike matters, held here to-day, a telegram was received from Governor Martin of Kansas, saying that he would be here on Sunday with the railroad commissioners of Kansas, to discuss the situation. Governor Marquand, of Missouri, will also attend. It is expected that the meeting will determine the future action of the two States and the railroads towards the strikers, and status quo will be maintained till then by the roads.

GALVESTON, March 13.—News Dennison: At a mass meeting last night, the strikers adopted resolutions calling for the removal of Vice-President Hoxie and for a man to be put in his stead who has a little feeling for suffering humanity. It was declared as the sense of the meeting that the company should furnish competent physicians in charge of hospitals and make a quarterly report of the expenditures to a committee of employees.

It is reported to-night that Sheriff Douglas is raising a posse of men to come from Sherman to-morrow to restore order and help move freight. A store order is feared, as Douglas is a brave officer. The strikers have concluded to meet the Sheriff with a brass band, escort him to the yards, and there present him with the keys of the shops.

## THE STRIKERS WIN.

GALVESTON, TEXAS, March 13.—News Palestine, Texas: The strike at this place ended this afternoon. Superintendent Herrin sent for the executive committee of the Workmen's Union, who immediately waited upon him. The result of the conference was an order to resume work to-morrow morning on the old terms, as before the last cut. An agreement to this effect has been signed by Superintendent Herrin, Master Mechanic Morris and the strikers' committee; also, if extra time is put in, they are to receive extra pay. The agreement only extends to the International Great Northern branch of the Gould system. The workmen are greatly elated over the victory, being congratulated on all sides for accomplishing their end without violence.

## NEARING THE END.

MARSHALL, TEXAS, March 13.—The strike is unchanged. The general impression is that a settlement will be reached within twenty-four hours.

St. LOUIS, March 13.—Gov. Marquand issued a proclamation late last night, warning the strikers and all persons associated with them, that interfering with the movement of engines and trains and the intimidation of other persons who may be willing or desire to work is unlawful, and calling upon the county and municipal officers to promptly enforce the laws, and commanding all individuals or combinations of individuals in any way engaged or concerned in interfering with the free traffic of railroads, or in the intimidation of their employees, to desist at once and without further warning.

## Won't Insist.

LONDON, March 13.—The arrangement between England and Russia announced by Gladstone in the Commons this afternoon was concluded to-day. It resulted in a decision of the Cabinet not to insist upon the withdrawal of the Russian troops from the outposts during the deliberations of the joint commission. Baron De Staal yesterday sent a denial to Granville and De Biers of the report that troops were concentrating at Askaniya.

He also protested against the preparations for war which it is reported are now being made in England, and the demonstrations upon the Indian frontier, which, he said, were calculated to lessen the chances of the amicable settlement consequent upon the agreement. Baron De Staal to-day, informed Granville that he was ready to sign the Egyptian convention.

## Sympathetic.

BOSTON, March 13.—The following cablegram was sent by the American Peace Society to-day:

To Henry Richard, M. P., London: The American Peace Society, representing the Christian sentiment of America, fully sympathizes with your efforts to avoid an Anglo-Russian war.

(Signed,) ROWLAND C. HOWARD, Secretary.

## President Fernandez Dead.

## BEAVER COURT BUSINESS.

The Grand Jury Discharged and Boreman Engaged.

Yesterday, the Grand Jury of the Second District were discharged by Justice Boreman, they having completed their inquisitorial business for the present. Notwithstanding the ferocious "charge of the light-weight associate," they have succeeded in finding indictments against only nine persons for violations of the Edmunds law. If there are any arrests made and trials had under those indictments, the victims are to be pitted beforehand. There have been no arrests so far.

The case of the People vs. Larenby was being heard yesterday, and was the first heard by a jury during the present term in that district.

Business in Beaver is beginning to look up, and with the opening of spring the people in that southern district anticipate lively times.

## "Fizzled Out!"

This is what a once prosperous merchant said of himself, the other day. His business had faded out, credit was gone and the sheriff had sold his goods. The trouble proceeded from a prolonged attack of dyspepsia, which prostrated and unsettled him so that he could not attend to his affairs. Pity he hadn't thought of Brown's Iron Bitters, which would have saved him. Mr. A. J. Lawler, 172 S. Broadway, Baltimore, says: "Malaria and dyspepsia troubled me for nine years. Brown's Iron Bitters gave me relief."
